# Hybrid Articulating System™

## Introduction

Welcome to the cutting-edge evolution of sleep technology - the NSC Medical Hybrid Articulating System™ mattress. Crafted with precision, innovation, and your well-being in mind, this mattress is not just a sleep surface; it's a revolutionary hybrid sleep experience. Let's explore the advanced features that set the Hybrid Articulating System™ apart from the rest.

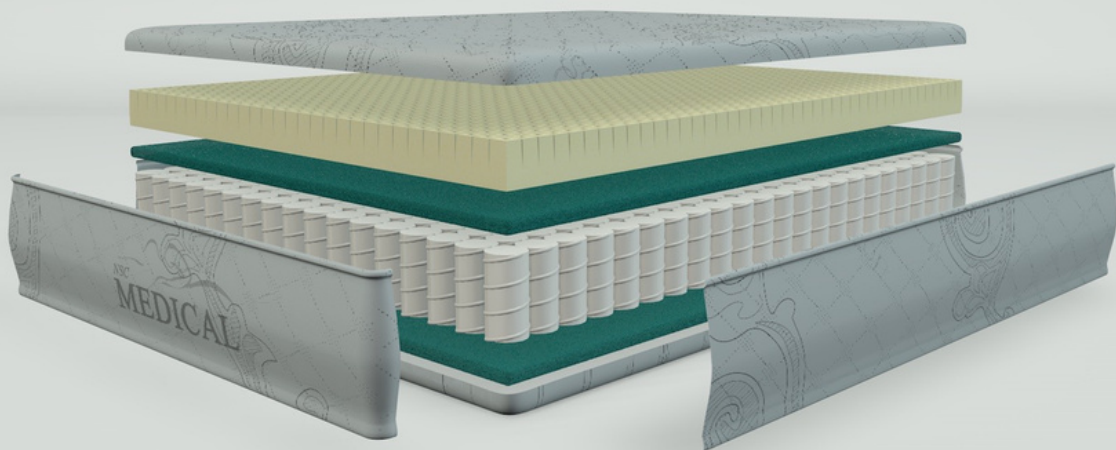

## What is a NSC Medical Hybrid Mattress?

A hybrid mattress by NSC Medical is a fusion of contact surface layers, blending latex, Medi-foam, and a proprietary in-house manufactured articulating system (pocket coil system). This unique composition results in a 30.5 cm (12 in.) thick mattress designed for unparalleled comfort and support.

## Mattress Composition

- Organic cotton quilted cover
- 2.5 cm (1 in.) Natural latex
- 2.5 cm (1 in.) Medi-gel for lumbar support
- 2.5 cm (1 in.) Medi-foam
- 22.9 cm (9 in.) articulating system heavy-gauge pocket coils

# Hybrid Articulating System™

## Features

- Mattress Comfort: Medium-firm
- Mattress Height: 30.5 cm (12 in.)
- Pocket Coil Count:
  - King: 960
  - Queen: 736
  - Double: 630
  - Twin: 420
- Latex: Hypoallergenic and all-natural

# Hybrid Articulating System™

## **Medi-Gel and Medi-Foam Technology:**

- Spinal realignment
- Pressure point relief
- Temperature regulation

## **Pocket Coils:**

- Reduce motion transfer
- Provide individual weight-bearing support
- Low VOC Soy Emissions: Superior indoor air quality (less than 0.5 parts per million)
