Queen Memory Foam RV Mattress

Welcome to the Future of Comfort: NSC Medical RV Mattress.

Introduction

Discover the epitome of comfort with NSC Medical's innovative 20.32cm (8 in.) Queen Memory Foam RV Mattress. Designed for those seeking quality sleep on the road, this mattress boasts cutting-edge technology, providing a restful sleep experience tailored to your comfort needs. Let's delve into the features and specifications that make this RV mattress a game-changer.

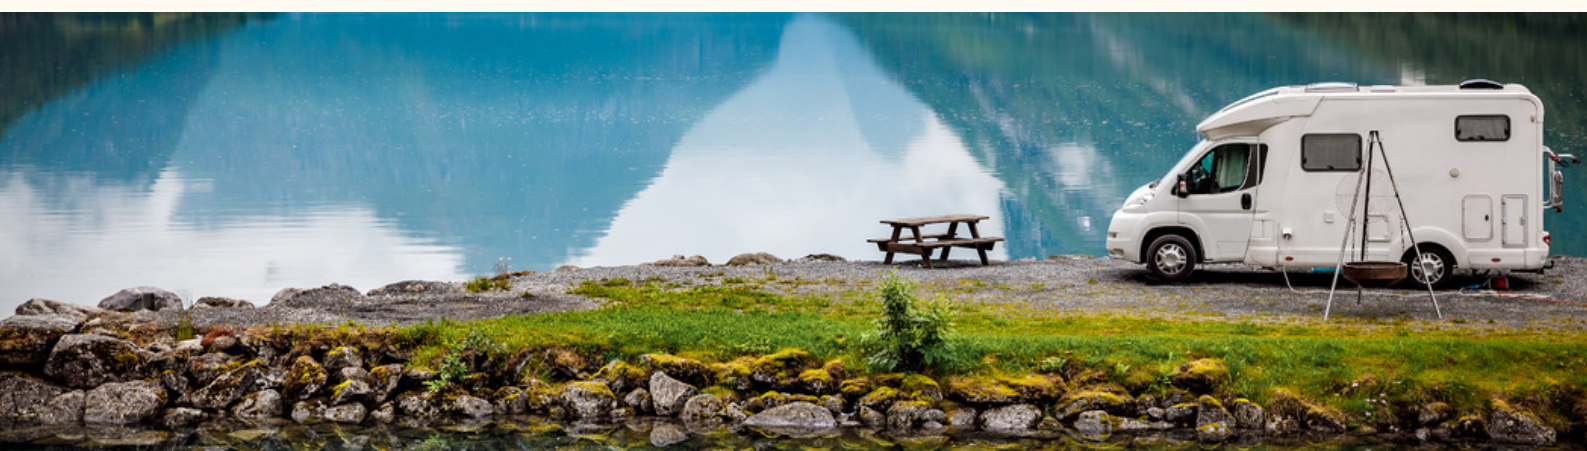

Queen Memory Foam RV Mattress

Description

Crafted with precision and innovation, NSC Medical introduces its first RV mattress, featuring proprietary Soy Medi-Gel® and Medi-Foam® technology. Made in Canada, this sleep surface is cool to the touch with a hypo-allergenic cover, providing optimal spinal alignment and a comfortable sleep environment. Designed for all sleeping positions, it combines pressure relief with temperature-regulating properties for a restful night's sleep.

Innovative Design for Unmatched Comfort

The top layer of our patented pressure balance latex system features interconnected and articulate individual beams, providing targeted pressure point relief. The bottom layer comprises a 5-zoned natural firm latex for even weight distribution. Wrapped in an organic cotton cover with temperature-regulating Joma wool, Natural Elements™ delivers the key elements for a restful night's sleep.

Queen Memory Foam RV Mattress
